### Life Group Discussion Questions

1. Based on #1, above: David longed to build the Temple; God said, "No." In order to be obedient, David had to be willing to accept God's "No." Have you experienced a time in your life when God would not allow you to do something that seemed very good? How did you respond to that? What did onlookers in that situation learn from God's "No" to you?
2. Based on #1, above: Times of transition often place responsibility in the lap of new or younger people. Courage comes not from fearlessness, but from faith in God. How have you faced a transition in your life where you had to believe that God was with you, even though your natural tendency was fear?
3. Based on #2, above: While David accepted God's "No," he still acquired all the resources Solomon would need to build the Temple. How are you preparing your children with resources that can be used for God's glory? How are you praying for your children? What can you do to better prepare them for the day when you are not there?
4. Based on #2, above: Is God's Word the highest authority in your life? How is that manifested in your day-to-day living? Do you think your children see and understand the role God's Word has in your life? Why or why not? How can you improve in allowing God's Word to reign over you?
5. Based on #3, above: If you accomplish one thing for the kingdom of God, in obedience to the will and Word of God, what would that be? How are you doing?
